DETAILED ACTION

Priority

1. Priority is recognized from PCT/US00/23994, which claims the benefit of 60/151,961.

Information Disclosure Statement

2. The information disclosure statements (IDS) submitted were considered by the examiner.

Response to Arguments

3. Applicant's arguments filed 4 September 2006 have been fully considered.

Applicant's amendments have overcome the 35 USC 112 rejections.

The amendments to claim 1 are deemed allowable as the claim now has limitations similar to that of claim 11, which had been previously indicated as having allowable subject matter.

Allowable Subject Matter

4. Claims 1-7, 9-17, and 19-25 are allowed.
5. Claims 8 and 18 have been cancelled.

Reasons for Allowance

6. The following is an examiner's statement of reasons for allowance:

The primary reasons for allowance of claims 1, 11 and 21 in the instant application rest at least in the combination with the inclusion of the limitation "the branch instruction [specifies] the register and the bit of the register to use as a branch control bit." The prior art of record neither anticipates nor renders obvious the above-recited combination.

Because claims 2-7, 9, 10, 12-17, 19, 20 and 22-25 depend directly or indirectly on any of the claims 1, 11 and 21, these claims are considered allowable for at least the same reasons noted above with respect to claim 1, 11 and 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
